"Beautiful Like Words"

Your blessings are flowing
like words from a poets mouth.
Each blessing, lovingly,
scripted into my life
like words, set for best effect.

My life is poetry.
Part of the greatest library.
Our Author knows us all by heart
because His love is for his art,

and we are beautiful.
We are beautiful.
We are beautiful like words,
Like honest words.

My life is poetry.
Part of the greatest library.
Our Author knows us all by heart
because His love is for his art
