Don't you dare tell me I'm at the end of the line

Cause this girl's not gonna take it this time

I'm not just another pretty face

Gonna change the way the world thinks one of these days

-Chorus-

I can do it, I can do it, I can really make it this time(this time)watch me now

I can make it, I can make it, I can really take it this time(this time) watch me now

I show you what I mean if you wondering how

Just keep your eyes open and watch me now

I can do it, I can do it, I can.. I will make it this time

Don't take me for another push-over

Don't mess around you might be a mush over

Don't tell me cause I'm gonna make it

I'm not like other girls, I don't have to fake it

-Chorus-

I can do it, I can do it, I can really make it this time(this time)watch me now

I can make it, I can make it, I can really take it this time(this time) watch me now

I show you what I mean if you wondering how

Just keep your eyes open and watch me now

I can do it, I can do it, I can.. I will make it this time

I been so bitter chasing a dream

But things are never what they seem (never what they seem)

Will I ever make it, will I ever try...

It's driving me insane..

-Chorus-

I can do it, I can do it, I can really make it this time(this time)watch me now

I can make it, I can make it, I can really take it this time(this time) watch me now

Oooh ooh

Make it this time

I can do it, I can do it, I can

I can do it, I can do it,I can, I will make it this time
