At the first day I wanted you
And I still do want you baby
At the first kiss I got afraid
And I feel the same about your love baby
It's like a drug, dear, that swallows me
Now I can't be without you baby
So give something to hold on to
Some hate would do
'til your love saves me
We've had a hopeless start, but I think we can fix it
'cause if we fall apart, I know you would miss it
Just as much as I would do too
I've had a homeless heart, but I'm ready to seattle it
And this restless body, I'll be able to still it
There's nothing I wouldn't do
If love can kill I'll die for you
We don't talk much nowadays
There's nothing to say
Did you notice baby
How I long for your speaking voice
Instead of all this noise
We've been making lately
We've had a hopeless start, but I think we can fix it
'cause if we fall apart, I know you would miss it
Just as much as I would do too
I've had a homeless heart, but I'm ready to seattle it
And this restless body, I'll be able to still it
There's nothing I wouldn't do
If love can kill I'll die for you
We're in love, baby, with destruction itself
We are stuck baby, 'til we love eachother to death
But once I've loved honey, I'm keeping on
And once I'm stuck baby, I won't be gone
We've had a hopeless start, but I think we can fix it
'cause if we fall apart, I know you would miss it
Just as much as I would do too
I've had a homeless heart, but I'm ready to seattle it
And this restless body, I'll be able to still it
There's nothing I wouldn't do
If love can kill I'll die for you
I'll die for you
