Mio c-u-g-g-i-n-o (my cousin)

Mio c-u-g-g-i-n-o (my cousin)

My cousin told me about the time  
that he had a real bad crash on his motorbike  
My cousin.....My cousin  
Then my cousin said that when he took off  
his crash helmet his head split in two  
My cousin.....My cousin  
My cousin took off his helmet  
My cousin's head plit in two

My cousin told me about the time  
he found a dog on the beach  
but it turned out to be a mouse  
(I just can't believe it...  
My cousin told me that too)!!  
My cousin.....My cousin  
My cousin told me about the time  
he slept with a girl who left him  
a message on the mirror which said  
"Welcome to AIDS"  
(the same the same the same the same)!!  
My cousin.....My cousin  
My cousin mouse and doggie  
My cousin welcome to AIDS

My cousin.....My cousin  
And my cousin's well-respected  
A friend of everybody's  
My cousin's done this and that  
And my cousin is my protector  
When the others come to hit me  
'cause I call on my cousin  
I mean - I call out for my cousin

My cousin told me about the time  
he met a girl who went around with no bra on  
Stighidin, stighidin, stish stidun aaah  
My cousin.....My cousin

My cousin told me about the time  
he met a chick in a discoteque  
who didn't remember anything and in the  
end she woke up in a ditch  
and she was all wet and she realized  
there was something missing  
and it was one of her kidneys  
My cousin.....My cousin  
My cousin told me that he knows a karate chop  
and if he hits you with it after three days you die  
My cousin.....My cousin  
My cousin told me that when he was a kid,  
he once died

My cousin.....My cousin  
And my cousin's a popular person  
A friend of everybody's  
My cousin's done this and that  
And my cousin's my protector  
When the others come to hit me  
Because I call on my cousin  
Actually, you know what I'm gonna tell you  
I call out for my cousin

My cousin.....My cousin  
My cousin's really quite worrying  
And he talks in burps  
Ciao how's it goin'?  
My cousin's done this and that  
The car he crashed, the ass he kicked  
My cousin is really bad  
But it's a product of the mind  
I mean, he produced a batch of mint  
But he was not authorized  
So they put him into prison  
Uuuuehhh'  
Yes OK to Free Mandela  
Free Valpreda and all the others  
But Free also My cousin  
I mean - set free also my cousin  
Na na nai, my cousin na na nai

I just can't believe it:  
I heard the same story, exactly the same one!  
Could it be that we're related?  
What's your surname, anyway?  
Sorry, to see if it's the same person we're talking about  
Let me ask: - Your cousin, when he had haemorrhoids,  
did the cork also pop out and injure the nurse,  
like it did with my cousin?  
I know that nurse, by the way,

because she treated me once when I was small.  
They shot me, I didn't die, but the bullets hit the spider  
that at that very minute was coming out  
of the Tree of Happiness.  
So what did I do? With my white crocodile friend who  
lives in the sewers of New York,  
we went to the emergency room to  
visit some friends who were having things removed  
from them, things like oranges, bottles, door knobs,  
door, dogs, dicks....  
When at a certain point, who did I see?  
I just couldn't believe it!!!  
It was the emergency room plastic surgeon  
that I liked the best;  
what a day.....WHAT A DAY!!!!!!

(Translator's note: Valpreda was an infamous Italian  
terrorist in the  
seventies
