Out of the darkness you came
You looked so tired and sad
I asked where you've been
You answered your voice was quiet
Out in the cold searching for love
I said, ?You don't have to search for love?

Come to me, come to me
Rest your head on my shoulder
Come to me, come to me
Sleep in peace

Your traveled through the world
Tasted it's food and it's love
But never got satisfied
You were always looking for more
Out in the cold searching for love
I say, ?You don't have to search for love?

Come to me, come to me
Rest your head on my shoulder
Come to me, come to me
Sleep in peace

Come to me, come to me
Rest your head on my shoulder

I always loved you
Just come to me
And you'll be at home

Come to me, come to me
Rest your head on my shoulder
Come to me, come to me
Sleep in peace

Come to me, come to me
Rest your head on my shoulder
Come to me, come to me
Sleep in peace

Come to me, come to me

Rest your head on my shoulder
Come to me, come to me
Sleep in peace
