Why can't I hear you breath?
Why can't I hold you?

You just told me on the phone
Bad news, I can't believe they're true
Fate is too cruel to you it seems
It caught you at your weakest point

Nothing left of your whole world
Besides chaos and smoking ruins
You thought there's nothing more to lose
You're wrong and he presents proof

Please fight the Devil inside you
Not enough time for us to spend

Why can't I hear you breath?
Why can't I hold you?

You will need all of your strength
I hope that you can carry on
You fought the shadows of the ghosts
Now he's the one you will fight next

Knocking at your doors as if
He is a guest you'd like to see
Don't let him in, just push him back
He is not welcome in your house

Please fight the Devil inside you
Not enough time for us to spend
Please fight the Devil inside you
Not enough time for us to spend

Please fight the Devil inside you
Not enough time to spend
Please fight the Devil inside you
Not enough time to spend

Please fight the Devil inside you
Not enough time to spend
