What can I say to you, Bonita?
What magic words would capture you?
Like a soft evasive "missed"
You all Bonita!
You fly away when love's new!
What do you ask of me, Bonita?
What part do you want me to play?
Shall I be the clown for you, Bonita?
I will do anything you say.
Bonita... Don't run away, Bonita!
Bonita. Don't be afraid... to fall in love with me.
I love you, I tell you, I love you, Bonita.
If you loved me, life would be beautiful, Bonita!
