Then your look changed into leftovers
Of a war in our name, I refuse
So you asked me where I want to be - anywhere
I'm pleased to let you know
I let myself go
Just to cool you off
Besides the game, we were the lucky number
(Silence may bring you some ease)

I see happiness is coming, say it's ok
You see bitterness is easy, say it's ok
Then we take a look around.

A new day is taking over your heart
Open up to fairy tales, freedom calls
So tired, I want to go and lose it all
Besides the game, we were the lucky number

Besides the game
(Silence may bring you some ease)

I see happiness is coming, say it's ok
You see bitterness is easy, say it's ok
I see happiness is here, say it's ok
Then we take a look around.

Wanted to be, wanted to be wanting to be
To be happy

I see happiness is coming, say it's ok
You see bitterness is easy, say it's ok
I see happiness is here, say it's ok
You see bitterness is easy, say it's ok
Then we take a look around
Another look around
(Silence may bring you some ease)
