Silence me, I can hear myself
I'm empty and I'm waiting for you
Question: is your image I see?
This city is drawing a line
Marry me, gasoline boy
Lover inciting through me
You may find yourself along the edge
To hush your inner life
Rise to the end
Further you go, falling apart
Rise to the end
Growing in me
As I wonder what drove me down this far
You've seen it, I've seen it before
Black and white, true colors shine
Get pleasure from this fiery ride
Come on, my furious recoil
You may find yourself along the edge
To hush your inner life
Rise to the end
Further you go, falling apart
Rise to the end
Growing in me
As I wonder what drove me down this far
Wondering about the downfall of the day life
Accepting illusions from the start
Tonight this time, we'll be as one
Tonight this time, we'll tear the bounds
Tonight this time, you'll be my flair
And I hush my inner life
Rise to the end
Further you go, falling apart
Drive to the end
Growing in me
