Would you light one more cigarette
Well, I'm trying to think here
Would you put the light a little lower
When I'm trying to make a stand
All began at point blank
Suddenly it all drops down

That's when you make a false move
And find that the light that light the mirror don't
Shine
And you ended on givin'up talking
Trying to keep it

[Chorus]
Trying to make a point
Trying to break the sources
Trying to make a point
Keeping in wonder

Don't you wonder why all the fake
If something is dying on the way
Must I always hang up the phone
Pretending to feel no regret
Seems to me that you feel the same
So scream it loud, don't you forget it

That's when you make wrong move
And find that the thoughts that haunt the pillow don't
Leave
And you ended on givin'up talking
Trying to keep it

[Chorus]

I see those fire planes
Moving down to the right side of the town
'Till I reach there
'Till I touch them with my hands
They fight toward the fences,
Seems to me that you feel the same
So scream it loud, don't you forget it

That's when you make a wrong move
And find that the thoughts that haunt the pillow don't
Leave
And you ended on givin'up talking
Trying to keep it

[Chorus]

Keeping in wonder (x3)
You gotta keepin' (x2)

You gotta keepin' (x2)
Keeping in wonder (x3)
