Said I'm almost crazy, and I'm all here by myself
Said I'm almost crazy, I'm all here by myself
Ah these wimmen 'bout to run me crazy, Lord she's got
someone else

Lord she's 'bout to run me crazy, these reckless
wimmen worryin' me
Said she's 'bout to run me crazy, reckless wimmen
worryin' me
She don't have to treat me so bad, cause she lives in
Tennessee

Lord you'll either run me crazy woman, or either make
me lose my mind
Say you'll either run me crazy, or make me lose my
mind
Cause you keep me worryin', troubled all the time

Lord these wimmens will run you crazy, they'll drive
your heart in pain
Man wimmen will run you crazy, and drive your heart in
pain
They'll spend all your money, turn around and run you
insane

(Ah play it... Ah your woman sure did treat you bad
boy...)

WQell she spent all my money, and then she drove me
outdoors
Lord she spent all my money, turn around and drove
me outdoors
And I was almost crazy cause I had nowhere to go

If you get a reckless woman, man don't never let her
break your rules
You run down on a reckless woman, man don't never
let her break your rules
And when you know anything you'll be almost crazy
with the blues
