Side effects will come
Still flirting with days
Night-lights on, streetlights down
I?m coming right back
I?m coming right back

Chance-game of the hap
Feel it come, I?m not scared

The fall is on fire to you in your arms
Panic will light
If you dare

Side-notes from the moon
Eyes space-out, typewrite pilot

Sparkler, won't you come smothering in my arms
Lightning, won't you come squirming in my arms

The fall is on fire to you in your arms
Panic will light
If you dare
The fall is on fire to you in your arms
Panic will light
If you dare
If you dare
