Type of chick that won't ask me shit
She like, ai-chi-wa-wa, ooh-la-la

[Chorus]

[Merciless]

Girl, squeeze your titties and scream my name
What you don't know, game recognize game
Rubbing on my tattoos, and freed my love
You fucking with a loxed out, crazy thug

Can't fight the feeling on extacy
That's why the Mac God keep blessing me
Now I'm down south getting crunk at shows
Might be from Cali, but she got so throwed
I need a bad bitch that's down tonight
No plumber, but I do lay pipe
No biter, but can I have a bite
Shit, in other words I'll fuck you right
I'll serve you long dick, big brown dick
Type of chick that you could get down wit
A white bitch, brown bitch, you a black bitch
I don't care, long as she a bad bitch

[Chorus]

[Rasheed]

I'ma pull up in a all black Range
Purple flame, watch the paint change
Foud two looking strange, and got in the Range
I put a bullet in your brain, when I'm moving the caine
Man, your chick is on my nuts
I don't got time, put on the cuffs
Put the tongue on my nuts, put the thong in her butt
Bust alarm got the guts, I was gone had to raise up
Break up to the make up, fuck that
When I wake up, got a cock I got to bake up
Raise it up, while I blaze it up
The funky stuff, from the caddy pick-up, yup
She wanna live lavishly, thinking that she having me
She can define the laws of gravity
I'm gonna bust one deep in a cavity
