when i'm looking for the perfect things  
some fantasies they save me with the grace - it's a  
precious land  
all around me little things are shining like they are one  
- are we sisters?  
when i'm looking for the perfect things I stand up and  
put on another face  
you're all exploring all you see you should live  
everything

I'm waking up in a good day so happy walking into the  
sun

perspiring deeply watching these fears as big as  
planets i'm hot  
see you are living all you are in your eyes is there an  
end?  
I really want you see me the way I am the way I am

just gimme some time sister gimme some trust sister

perspiring deeply watching these fears as big as planet  
I'm hot  
wild wise earth keep on turning...  
yellow sun keep on burning

yellow sun
