Time is gonna take my mind
And carry it far away where I can fly
The depth of life will dim
My temptation to live for you

If I were to be alone
Silence would rock my tears
'Cause it's all about love and I know better
How life is a waving feather

So I put my arms around you, around you
And I know that I'll be leaving soon
My eyes are on you, they're on you
And you see that I can't stop shaking

No, I won't step back
But I'll look down to hide from your eyes
'Cause what I feel is so sweet
And I'm scared that even my own breath

Could burst as if it were a bubble
And I'd better dream if I have to struggle

So I put my arms around you, around you
And I hope that I will do no wrong
My eyes are on you, they're on you
And I hope that you won't hurt me

I'm dancing in the room
As if I was in the woods with you
No need for anything but music
Music's the reason why I know time still exists
Time still exists, time still exists, time still exists

So I just put my arms around you, around you
And I hope that I will do no wrong
My eyes are on you, they're on you
And I hope that you won't hurt me

My arms around you, they're around you
And I hope that I will do no wrong
My eyes are on you, they're on you

They're on you, my eyes
