In the other room
I'm the other girl
Just another one
Of your children
It's this other face
This other name
I'm the other girl

Want to be in the other room
When you're calling me
When you're calling me

Your gift
Receiving through this body of mine
... alive... (receiving)
Your gift
Growing into this body of mine
... alive... (receiving)

I am bleeding joy
Still... still peaceful
I am waiting for patience
I live something beautiful
Thinking not too fast
I'm still here
Still here

Oh yeah, want to be in the other room
When you're calling me

When you're calling me

Your gift
Receiving through this body of mine
... is alive... (receiving)
Your gift
It is growing into this body of mine
... is alive... so alive

My secrets are now things that I can touch
It must complicity
Now I'm going to embrace

This man without face! oh, you just fly!

Your gift

Receiving through this body of mine

... alive... (receiving)

Your gift

It is growing into this body of mine

... is alive... (receiving)

(gift) (gift)

This is love...
