My family's saying you're the kind I can do without
They think I'm too young to know what love is all about
I guess they love me
And they're just trying to help
But sometimes I'm better off with no advice

[Chorus]

Don't they see the tears I'm crying are oh so real
No one can understand, 'cause no one knows the way I
feel
How can I forget you
When you make me feel so fine
How can I forget you
'Cause when I close my eyes you're all I see

I go on dreaming everynight I make a wish
That maybe someday we can make a life out on our
own
It'd be so easy to run away with you
I'm getting so confused I need to spend some time
alone

[Repeat Chorus]

How can I forget you
When you make me feel so fine
How can I forget you
'Cause when I close my eyes you're all I see

[Repeat Chorus]

How can I forget you
When you make me feel so fine
How can I forget you
'Cause when I close my eyes you're all I see
How can I forget you
Oh baby
How can I forget you
How can I forget you
Oh baby, you make me feel so fine
How can I forget you
