I'm on the way up  
Look out! Ow!  
Babe  
Oh, babe

People tell me I can't have everything  
But still I wanna have it all  
They say I cannot succeed in life  
That I'll get so far and then I'll fall

I don't need no negative outlook  
I don't need nobody putting me down  
Don't they know that talk is useless?  
Nothings gonna keep my feet on the ground

Because I'm on the way up  
I've got it all 2gether  
Nothings gonna hold me back  
Yeah, I'm on the way up  
I'm only gettin better  
Now tell me what U think about that, look out!

If and when U make it  
All kinds of people come around  
Some of them in your corner  
Some of them put U down  
But one thing they all agree on  
Is that U are gonna change  
When all along they're the only ones  
Who never ever remain the same  
Now tell me which one of us changed?

Only fools don't take chances  
If U wanna be on top  
U gotta work every single moment  
Cuz anothers after your spot  
All the suckers scream and shout  
They don't know what it's all about  
This is my world  
And I'm sorry, this table is reserved

I'm on the way up

I've got it all 2gether  
Nothings gonna hold me back  
Oh no, cuz I'm on the way up  
Only gettin better  
Now tell me what U think, tell me what U think about  
that

Oh  
Oh yeah

I'm on the way up  
I've got it all 2gether  
Nothings gonna hold me back  
Oh, because I'm on the way up  
I'm only gettin better  
Tell me what U think, tell me what U think about that, oh  
no

People think I can't have everything  
But I'm gonna get it all  
I'm on the way up  
Nothings gonna make me fall  
No, no, no  
Now what U think about that?  
Tell me what U think about that!  
Uh huh, thought so
