6 weeks, 4 days, 3 hours, until I leave this place
I'm scared, my Lord knows I'm ready
I need an escape
I've been bent by the bully
Feel that I might break
A kiss goodbye
And I'll be on my way

I'm restless
As everyday goes by I become more and more, more
and more
I said it restless
As everyday goes by I become more and more, more
and more

[Male voice]:
Restless, restless

6 weeks, 4 days, 3 hours, until I leave this place
I swallow each day down just for the next one's sake
I've been bent to the point
That I'm itching to break
A kiss goodbye
See you another day

I'm restless
As everyday goes by I become more and more, more
and more
I said it restless
As everyday goes by I become more and more, more
and more

[Male voice]:
Restless X3
[Male/female voices]:
Restless, Restless,
