Daddy, what do you think?  
Is he good enough?  
Do you mind his long hair  
Or how his face if filled with scruff?  
Cause if I say I like him, I know you'll like him too  
But daddy, what do you think?

Daddy, what do you think?  
You know with him I'm safe.  
Do you mind that he's a smoker  
Or when he drinks, he drinks?  
Cause if you say you like him, you know I'll like him too  
But daddy, what do you think?

Daddy, what do you think?  
Is he good enough?  
Do you mind his temper  
Or his beat-up pick up truck?  
Cause if I say I like him, will you like him too?  
Daddy that's my question for you  
Daddy that's my question for you
