You jiggle change and you're twisting your hat  
It never fails boy you always come back  
Got your excuses and lied about a million times  
Heard things weren't going' your way and now you're  
here to rain on my parade  
I never listen the first time

But I don't need a reason to tell you that you're leavin'  
Don't keep this dragging on  
And I don't need explaining or baby no complaining  
I said 'what's done is done'

You're moving in, yeah, you're getting real close  
Telling me things that I already know  
I just want you to go away from here  
Leave me alone

There's a [?] already long passed  
You say I'm the one holding us back  
But can't you see the problem in that

And I don't need a reason to tell you that you're leavin'  
Don't keep this dragging on  
And I don't need explaining or baby no complaining  
I said 'what's done is done'

And I wish everyday that I could hear you say:  
'I can't believe I stayed around  
And only tried to bring you down  
Wasting my own damn time  
I know there's nothing I can do  
But say sorry to you, baby I'll go live my life  
If there ever comes a day when you think that  
You can see my face and not have to turn and sigh  
Know that I'm on my own and I have finally grown,  
This is just my goodbye'

And I don't need a reason to tell you that you're leavin'  
Don't keep this dragging on  
And I don't need explaining or baby no complaining  
'Cos I said 'what's done is done'  
Don't keep this dragging on
