Unfair, unreal
I wanna turn my heart into cold steel
That'd be one way to unlove you
Unjust, unkind
That I can't erase you from my mind
That'd be another way to unlove you

Even though my heart is
Telling me to stay
Begging me to stay
My self-respect is telling me
I've gotta walk away

So, I'm gonna say what I gotta say
What's done, you can't undo
I'm gonna brake what I gotta brake
'Cause you were untrue
I'm gonna hurt
I'm gonna cry
I'm gonna tear me up inside
I'm gonna do what i gotta do
To unlove you

Until I heal
I wish I could freeze everything I feel
That'd be one way to unlove you
Emotions, unknown
If I could only turn me into stone
That'd be another way to unlove you

Even though my heart is
Telling me to stay
Begging me to stay
My dignity is telling me
I've gotta walk away
So, I'm gonna say what I gotta say
What's done, you can't undo
I'm gonna brake what I gotta brake
'Cause you were untrue
I'm gonna hurt
I'm gonna cry
I'm gonna tear me up inside

I'm gonna do what i gotta do
To unlove you

I've gotta look you in the eye (in the eye)
And tell the world the biggest lie
What choice do I have, when you hurt me so bad?
Wrecked everything we had

So, I'm gonna say what I gotta say
I'm gonna do what I gotta do
To unlove you

I'm gonna say what I gotta say
What's done, you can't undo
I'm gonna brake what I gotta brake
'Cause you were untrue
I'm gonna hurt
I'm gonna cry
I'm gonna tear me up inside
I'm gonna do what i gotta do
To unlove you
I'm gonna hurt
I'm gonna cry
I'm gonna tear me up inside
I'm gonna do what i gotta do
To unlove you
