Gowa El Rooh (Inside the Soul)

Elissa:

To tell you, what to tell you  
I want to tell you that I love you  
But this is not enough to you  
I adore your voice, talk and your eyes..

Fadel Shaker:

You're in the heart and inside the soul  
I'm living your love wherever I go  
Hold me and tell me that you love me, my lover

Elissa:

My heart never knew a good heart as much as yours  
You love me  
I love you as much as life  
My life just began by a touch of you

Fadel:

I just can't tell you what your love is doing to me  
I don't want to love anyone but you  
I love you

Elissa and Fadel:

You're in the heart and inside the soul  
I'm living your love wherever I go  
Hold me and tell me that you love me, my lover
