I'm waiting for so long
That place where once you and I belonged
When you and I collided
Wanting to stay by your side
Wish we'll dare to rise from the ashes
No matter what no one
Conceives by words of lofty signs
Sentence me to forever stay
Deep beneath your heart
We'll be wondering
There, drunk inside your heart
We'll be kiss and tell
No reason to pursue
Looking for what you already got the clue
Hope time brings you back close to me
Forever dazzeled by yourself
Deep beneath your heart
We'll be wondering
There, drunk inside your heart
We'll be kiss and tell
We'll be wondering
We'll be kiss and tell
I consecrate all my time to you
Sweet slide moves on a theme
We'll not fade away by kissing one last kiss
Deep beneath your heart
We'll be wondering
There, drunk inside your heart
We'll be kiss and tell
