You never been in the line of fire
Where dreams are sealed
I'm gonna be the gun
That will send you some real

To show you how I did relate
Here is my book of will
You're far, too far to transparent
Here is my hatred

There is no turn
There is no turn
Hang on to yourself
Because this is gonna hurt like hell

I might be able to do you no harm
In one last dance
Breathing the fire within
A lethal romance

Have you ever design your own mission
As big as your life
Here is the plan I have for you
This is my anger

There is no turn
There is no turn
Hang on to yourself

Because this is gonna hurt like hell

Crucify my love tonight
Nail your name in blood and die

Don't matter to me if you never ever avoid to be
The adder, dagger, rather than be the place where
We're together, lesser the better, because we're
Supposed to stagger not to raise the banner
That led us next to the bounds

There is no turn

There is no turn
Hang on to yourself
Because this is gonna hurt like hell

You'd better leave me
Rather than
Be on your knees
Which is my need
You cannot stop me
From being harsh
Better be ready
Because this is gonna hurt like hell
