Long time coming  
Long time coming  
Long time coming  
Knicks tape, who run it

Willis Reed was the captain  
Clyde Frazier with the fashion  
Bernard King the assassin  
John Starks and Pat Ewing that's passion  
The glory days  
Now the Knicks are back, that's Amare's phrase  
The Garden blazing, Pablo and Raymond  
Might as well call Carmelo the savior  
Hard as pavement KMart don't play with  
Come into the paint pray to God that you ain't hit  
Chandler with the oops  
Tryna add another banner hanging from the roof  
JR with the step back  
Make a net snap, Knicks tape, rep that  
Show up with the flat top put a pad lock on your best  
scorer  
I got a vet core of J Kidd, Sheed, ball don't lie  
Novak with the 3 all in your eye

Long time coming  
Long time coming  
Long time coming  
Knicks tape, who run it
