### [Verse 1]

Welcome to the world, of a driven man  
Ten years in the game nothing givenâ€¦Damn  
Rough sport, career nearly cut short  
But I plan to lay it down long as King Tut's corpse  
I'm a creature, nickname reaper  
Spit game ether, kick game Fifa  
I have em' moanin like a bitch named Lisa  
Paid my dues them shits ain't cheap bruh  
I been around boy, I learned a thing or two  
Said I was the illest till that shit became the truth  
Built it from the ground up and painted too  
Made a booth inside my room and now the shit became  
a zoo  
I'm a god if you ask me, aw this is ghastly  
Mic into my hand is like a spark into a gas leak  
You talkin to the latch key kid I'm used to being alone  
And I ain't tryna leave the zone til' I see the throne

### [Chorus]

I lay it down somethin pretty, down down somethin  
pretty hey  
Byram in this bitch you know I'm wit it it's on  
It's gon' be alright, just follow me for the night, Watch  
me  
I lay it down somethin pretty, down down somethin  
pretty hey  
Byram in this bitch you know I'm wit it it's on  
It's gon' be alright, just follow me for the night, I'll take  
you to the promised land

### [Verse 2]

Toast to the nonbelievers, roast anyman that's standin  
in my way it's time to heat up  
I shine the beat up, speak up polish and kick my feet up  
I spit that fever, fever, too hot I got to ease up  
He's a problem boy, better tell ya friend that raps  
When he hear this here it might just put an end to that  
That fire water got me wired like a tennis rack  
This is that, glad I listened this is what I miss in rap  
I pledge allegiance to my craft I swear to never slack  
I swear to keep progressing swear to never reaching

back  
I swear to never gettin eaten by a featured rap  
Best you ever gunna do is even dog if even that  
Where the critiquers at? who gon' say Elite is wack?  
Taking names and at the Grammy podium I'll read em  
back  
Imagine where my peak is at,  
It's never too late bitch this should teach you that

[Chrous]  
I lay it down somethin pretty, down down somethin  
pretty hey  
Byram in this bitch you know I'm wit it it's on  
It's gon' be alright, just follow me for the night, Watch  
me  
I lay it down somethin pretty, down down somethin  
pretty hey  
Byram in this bitch you know I'm wit it it's on  
It's gon' be alright, just follow me for the night, I'll take  
you to the promised land
