It's been too long, it's been too far gone  
Since the dream of our life went astray  
Now I'm here, in a sea of fear  
Trying to fight every day

It's deadly, it's vicious  
Look what you're doing to me  
It's evil, grotesque  
What do you want from me?  
This drama, so sad  
This is not how it should be  
Just leave me - alone!  
It's all that I have to say!

Ohohoho - let's end this deadly Charade  
Ohohoho - let's end this evil Charade

Since you've been gone, my life comes undone  
But can't keep from making me bleed  
Can't you see, we're not meant to be  
We have failed from the very first start

It's deadly, it's vicious  
Look what you're doing to me  
It's evil, grotesque  
What do you want from me?  
This drama, so sad  
This is not how it should be  
Just leave me - alone!  
It's all that I have to say!

Ohohoho - let's end this deadly Charade  
(It's my life, can't you see?)  
Ohohoho - let's end this evil Charade  
Ohohoho - let's end this deadly Charade  
Ohohoho - let's end this evil Charade  
(This was never meant to be)

Out of my life - let's end this deadly Charade  
(It's my life, can't you see?)  
Free from this live - please end this evil Charade

Ohohoho - let's end this deadly Charade  
Ohohoho - let's end this evil Charade
