Say can you hear, the voices and screams  
Out there the people are yelling  
There's fists in the air, there's rage in their eyes  
A riot to bring on the change

There's anger in the air  
People from everywhere  
Are crying out in the streets

There's hatred in their stare  
No chance to hide nowhere  
The fires are burning tonight!

Is this the end of the world?  
This is not what I did seek!  
I cannot believe this

Is this Armageddon, Utopia burning  
The people are raging, all hell's breaking loose  
Is this Armageddon, Utopia dying  
Was my fate to kill them and death is the truth?  
Is this Armageddon, Utopia burning  
The people are raging, all hell's breaking loose  
Is this Armageddon, Utopia dying  
Disaster and madness is what I did choose!

My own ideas, based on my hopes and fears  
Don't wanna be no messiah!  
They don't understand, they kill their own land  
A lemming-like society!

There's madness in the air  
Evil is everywhere  
All that I wanted was freedom

Now freedom's breaking loose  
Can't stop my raging truth  
I can't stop this thing I have started

Is this the end of the world?  
This is not what I did seek!

I cannot believe this

Is this Armageddon, Utopia burning  
The people are raging, all hell's breaking loose  
Is this Armageddon, Utopia dying  
Was my fate to kill them and death is the truth?  
Is this Armageddon, Utopia burning  
The people are raging, all hell's breaking loose  
Is this Armageddon, Utopia dying  
Disaster and madness is what I did choose!
