Banging on my tambarine
I didn't think I'd make a scene
Till everybody joined in the chase
I never meant to make you cry
My head was floating in the sky
And nothing looked to be out of place

I got my head like a cello
Melancholy blows, if it goes
Keep it mellow, baby
Or should I pay attention to the alarm
The sirens going off in a police car

And I forget
I forget to be cool cool cool
I try my best
To not get arrested by you you you

I thought that I could plinky plonk
Along the piano all I want
I didn't think you'd hear a wrong note
I'm like a pencil
Old and blunt
And writing in a bolder font
And I'm steady losing your vote

And I forget
I forget to be cool cool cool
I try my best
To not get arrested by you you you

I got my head like a cello
Melancholy blows, if it goes
Keep it mellow, baby
Or should I pay attention to the alarm
Sirens going off in a police car

And I forget
I forget to be cool cool cool
I try my best
To not get arrested by you you you

And I forget
I forget to be cool cool cool
I try my best
To not get arrested by you you you
