When the night drags you down  
And you fall on the ground  
And you need someone to help you on  
So alone and you're scared  
And you feel no one's there  
Just you call I'll be sure to come

'Cause the nighthawks in the city  
Burn your mind and blind your eyes  
And the nighthawks have no pity  
Just you call and I'll be by your side

When the neon shadows fall  
All you have to do is call  
I'll be there to help you fight the storm  
When your friends disappear  
And you feel no one's there  
Just you call I'll be sure to come

'Cause the nighthawks in the city  
Burn your mind and blind your eyes  
And the nighthawks have no pity  
Just you call and I'll be by your side

Riding through the night  
Running through the day  
Riding through the night  
Running through the day  
Riding through the night  
Running through the day  
Riding through the night  
Running through the day

Yeah, I'm riding through the night

'Cause the nighthawks in the city  
Burn your mind and blind your eyes  
And the nighthawks have no pity  
Just you call and I'll be by your side

Riding through the night

Running through the day  
Riding through the night  
Running through the day  
Riding through the night  
Running through the day  
Riding through the night  
Running through the day  
Riding through the night  
Running through the day
