Love makes you do stupid things,
Like takin' vows an' buyin' diamond rings.
An' gettin' up to summertime flings.
Love makes you do stupid things.

Love makes you wanna buy a car.
Dress up like a big rock star.
Play like a Queen's and King's.
Love makes you do stupid things.

The unavoidable truth,
Is love's gonna make a fool of you.
Tie together your shoes,
'Cause you can't walk away.

Love makes you do stupid things,
Like forgettin' what a good friend means.
Runnin' every time the telephone rings.
Love makes you do stupid things.

Instrumental break.

The unavoidable truth,
Is love's gonna make a fool of you.
Tie together your shoes,
You can't walk away.

Love makes you wanna write a song,
Get everybody to sing along.
Rings from many a guitar strings:
Love makes you do stupid things.

Love makes you do stupid things.
