What do I do? with this love for you
Just hand it back? no, I can't do that
What do I do? just half of two
If only I knew, what do I do

If there was a time machine I'd jump inside
Yeah, that's slow boat for trying not to get me arrived
The options are endless or so we would sing,
About forgetting that your now is just livin' a dream

What do I do? with this love for you
Just hand it back? no, I can't do that
What do I do? with this love for you
If only I knew, what do I do

I can't walk it off and I can't lay low
Ain't put on my patsy shoes and pass on where to go
In a certain way you know me it feels like the time
I think it's the pedestule that I had you on

What do I do? with this love for you
Just hand it back? no, I can't do that
What do I do? just half of two
If only I knew, what do I do
Oh if only I knew, what do I do
