Love you yea, so sincere
CLose my eyes, I'm not here
Why pretend you're innocent?
Couple years well misspent
2nd village, feel at home with your friends
Buzz around in the undergrowth this year
In the movie, look concerned
As important to unlearn
Vague reaction just as fake
As a drama double take

2nd village
Turn your head, block me out
Sound advice, solid doubt
For the rain melt me down
To a tear, no words just sound
2nd village, feel at home with your friends
That you hate
Don't relate to that girl yet
Buzz around in the undergrowth this year
Buzz around, resolution for a new fear
