When I call  
I know I'm just wasting my time  
Bacause you wont come back to me.  
I wish I had you back in my arms  
But now you're with her  
And wont talk to me.  
But I just gotta think  
I'm done fitting  
A square into a circle all the time  
If it's over  
Let it go  
Laugh it off  
And let it go  
You're not here to say  
What you used to say  
And all I truly know  
Is that yesterday is gone  
I just wanna scream,  
I wanna find the truth beneth my skin.  
But if you need a friend  
I'll be here to care and understand  
Even if I'm not with you when you need it  
I'll always be there in your heart  
And just a phone call away  
Our relationship is over  
Though I'll just be your friend  
I'm done fitting  
A square into a circle all the time  
If it's over  
Let it go  
Laugh it off  
And let it go  
You're not here to say  
What you used to say  
And all I truly know  
Is that yesterday is gone  
I just wanna scream,  
I wanna find the truth beneth my skin.  
Youve been correct  
To say somehting between us isn't right  
Youve got to do what makes you happy

Though I wasn't first  
I am happy now  
And I need to move on  
Though I don't wanna watch you slowly disappear  
And watch our old flame fade  
I never wanted to hurt you  
But I was tired of fitting a square into a circle  
That was no life for me  
I thought I messed up  
But now it's over  
Which is truly what we wanted  
But now we can just  
Let it go  
Laugh it off  
And let it go  
We needed to find the truth beneath our skin  
But now we know yesterday is gone...
