Everybody is going to the club tonight
And I wanna go too cos I'm feeling all right
I'm checking my reflexes in the evening light
(YO YO YO Latino)
Getting into the club and I'm feeling the love
Everybody I know comes and gives me a hug
Tonight is the night of fooling around
And if you let me hit it we'll have a good time

Would you get on the dance floor
Would you get on the dance floor
Dance the night away
Can you dance can you dance like that

But I'm no Latino
No I'm no Latino
But my girls say I shouldn't care about that
As long as I move and I dance like that
I got the rhythm that goes with the song
I got the music that makes you go on

Everybody is dancing in the club tonight
And I wanna dance too cos I'm moving so tight
I'm checking for my people in the disco light
Check it out (YO YO Latino)
Look I'm no phoney you get what you see
Cos I am who I am even if you don't like me
It's just me feeling so sexy
It's just me shaking my body

Would you get on the dance floor
Would you get on the dance floor
Dance the night away

Can you dance can you dance like that

But I'm no Latino
No I'm no Latino
But my girls say I shouldn't care about that
As long as I move and I dance like that
I got the rhythm that goes with the song

I got the music that makes you go on

Come and dance the night away
The rhythm makes you stay
Don't worry it's ok
Just let the music play
Dance the night away
The rhythm makes you stay
Just let the music play

But I'm no Latino
No I'm no Latino
But my girls say I shouldn't care about that
As long as I move and I dance like that
I got the rhythm that goes with the song
I got the music that makes you go on
