Kick down metabolic fix  
Cocaine violence sex and politics  
They all mix just fine today  
Well I hate the world today  
Stop me before kill the president  
War is that really what you're looking for?

It's when I'm better off dead  
And all of my enemies hang  
By the thinnest threads  
You'll hear me

And look at me  
Now a best seller  
It's too late  
Your already hold me in your hands  
Hail me

I'm best seller

Shout out devil man he speaks  
A good measure in exercise  
In excorsism for this week  
A razor cuts so sharp today  
Through the umbilical chord of the world today  
Better stop me before I'm on your tv set

That's when you'll look ae me  
Now a best seller  
It's too late  
Your already hold me in your hands  
Hail me  
I'm best seller
