Hush hush secret Your secret's safe with me Hush hush keep it Under lock and key

I'll lead you follow Cause I shiver When you brush my lips Stand deliver You were made for this

I know I should go Oh my wicked heart Beats out of time for you God knows I see stars

It's meant to feel this good Whoops cause I've got a that feeling Ooh my here I come Whoops are hands are combined Ooh my here I come get ready

Small gun small drum The beating of my chest Slow touch fast tongue I see my chin so wet And your skin beats

Oh my wicked heart Beats out of time for you God knows I see stars

It's meant to feel this good Whoops cause I've got a that feeling Ooh my here I come Whoops are hands are combined Ooh my here I come get ready

La Look at you with me honey bee Oh Whoopsy daisy Look at you with me honey bee Oh whoopsy daisy

Oh my wicked heart Beats out of time for you God knows I see stars

It's meant to feel this good Whoops cause I've got a bad feeling Ooh my here I come Whoops are hands are combined Ooh my here I come

Oh my wicked heart Beats out of time for you God knows I see stars

It's meant to feel this good Ooh my here I come Whoops are hands are combined Ooh my here I come get ready
