Evening sun, why don't you stay
Just a little longer, please
My friends and I
Well, our party's almost over
Why don't you stay
A little longer please

I need you bad
I need you better
I need you bad, that I could kill
I need you bad
I need you better

Evening sun, why don't you stay
Just a little longer, please
My friends and I
Our party's almost over
Why don't you stay
A little longer please

I need you bad
I need you better
I need you bad, that I could kill
I need you bad
I need you better

Evening sun, why don't you stay
Just a little longer, please
Evening sun
