Took the path of least resistance  
Into the great unknown  
No directory assistance  
Now you're on your own  
But if you're looking for a new world  
Just open up your eyes

-Chorus-

Because it's not quite paradise  
(If your feeling's not hope)  
Not quite paradise  
(We could rent to own)  
It'll be alright  
Though it's not quite paradise

Tomorrow's an illusion  
And yesterday's a dream  
Today is a solution  
But you gotta let it be  
And if you're looking for the answer  
It's right before your eyes

Although it's not quite paradise  
(If your feeling's not hope)  
Not quite paradise  
(We are not alone)  
It'll be alright  
Though, it's not quite paradise

Somewhere from the edge of time  
When the poets die the words don't rhyme  
I'll call you up and say  
We made it okay  
And somewhere in the back of your mind  
When you see your demons come to life  
And the world just fades away  
You'll know it's okay

It's gonna be okay

Okay...

Okay...

Well it's not quite paradise  
(If you're feelings not hope)  
Not quite paradise  
(Make this place unknown)  
Not quite paradise  
(We are not alone)  
Not quite paradise  
(We don't have to be alone)  
Not quite paradise  
(No no. No no)  
Not quite paradise  
(If you're feeling's not hope)  
Not quite paradise  
(If you're feeling's not hope)  
Not quite paradise
