And I'm not here so you can play around  
Fight your battles on someone else's ground  
And we're through, is to be free  
And I don't want you hurting me

And it's taken time, so much time for me to understand  
And I'm so strong now  
I'm standing proud  
And why should I share with you now  
When you won't share with me

Ri~ght here  
What goes around, comes around, goes around  
Ri~ght here  
Comes around  
Ri~ght here  
Ri~ght here  
What goes around, comes around, goes around  
Ri~ght here  
Comes around  
Ri~ght here  
Ri~ght here
