"Crossing The Border"

Come with me!
There's only this chance left.
Come with me!
There's only this chance left.
Forget everything
(Come with me!)
And come with me!

Come with me, I'll show you a world
That you don't know yet.
Come with me, what you'll experience there,
You won't ever forget.

Maybe, you're afraid of crossing the border.
I tell you, it won't hurt.
Forget everything and come with me.
There's only this chance left.

I can't help you with your decision.
I'll still give you some time,
Time until this song has come to an end,
Come to an end.
Time until this song has come to an end,
Come to an end.

I can't help you with your decision.
I'll still give you some time,
Time until this song has come to an end.
