We meet and the angels sing  
The angels sing the sweetest song I ever heard  
You speak and the angels sing  
Or am I breathing music into every word?

Suddenly, the setting is strange  
I can see water and moonlight beaming  
Silver waves that break on some undiscovered shore

Then, suddenly, I see it all change  
Long winter nights with the candles gleaming  
Through it all your face that I adore

You smile and the angels sing  
And though it's just a gentle murmur at the start  
We kiss and the angels sing  
And leave their music ringing in my heart

Suddenly, the setting is strange  
I can see water and moonlight beaming  
Silver waves that break on some undiscovered shore

Then, suddenly, I see it all change  
Long winter nights with the candles gleaming  
Through it all your face that I adore

You smile and the angels sing  
And though it's just a gentle murmur at the start  
We kiss and the angels sing  
And leave their music ringing in  
And leave their music in, leave their music ringing in  
my heart

Leave it in my heart, they leave it in my heart  
They leave their music in my heart
