We are having a heat wave  
A tropical heat wave  
The temperature's rising, it isn't surprising  
She certainly can can-can

She started the heat wave  
By letting her seat wave  
And in such a way that the customers say  
That she certainly can can-can

Gee, her anatomy  
May the mercury jump to ninety-three

Yes, sir, we're having a heat wave  
A tropical heat wave  
The way that she moves that thermometer proves  
That she certainly can can-can

Gee, her anatomy  
May the mercury jump to ninety-three

Yes, sir, we're having a heat wave  
A tropical heat wave  
The way that she moves that thermometer proves  
That she certainly can can-can

Ooh, we're having a heat wave  
Ooh, how she moves, thermometer proves  
She certainly can can-can
