I could have danced all night, I could have danced all
night
And still have begged for more
I could have spread my wings and done a thousand
things
I've never done before

I'll never know what made it so exciting
Why all at once my heart took flight
I only know when he began to dance with me
I could have danced, danced, danced all night

I could have danced all night, I could have danced all
night
And still have begged for more, more, more
I could have spread my wings and done a thousand
things
I've never done before

I'll never know what made it so, so exciting
Why all at once my heart took flight
I only know when he began to dance with me
I could have danced, danced, danced all night
