Strange how a dreary
World can suddenly change
To a world as bright
As the evening star

Queer, what a difference
When your vision is clear
And you see things
As they really are

I used to be color blind
But I met you and now I find
There's green in the grass
There's gold in the moon
There's blue in the skies

That semi-circle that was
Always hanging about
Is not a storm cloud, it's a rainbow
You brought the colors out

Believe me it's really true
Till I met you I never knew
A setting sun could paint
Such beautiful skies

I never knew there were such lovely colors
And the big surprise
Is the red in your cheeks
The gold in your hair
The blue in your eyes

I never knew there were such lovely colors
And the big surprise
Is the red in your cheeks
The gold in your hair
The blue in your eyes

I used to be color blind
