I wished on the moon  
For something I never knew  
Wished on the moon  
For more than I ever knew

A sweeter rose, a softer sky  
An April days that would not dance away

I begged on the stars  
To throw me a beam or two  
Wished on a stars  
And asked for a dream or two

I looked for every loveliness it all came true  
I wished on the moon for you

I begged a star to throw me a beam or two or three  
I asked the star to send down a dream just meant for  
me  
I looked for every loveliness, it all came true  
I wished on the moon for you
