You went away, I let you  
We broke the ties that bind  
I wanted to forget you  
And leave the past behind

Still the magic if the night I met you  
Seems to stay forever in my mind  
The sky was blue and high above  
The moon was new and so was love

This eager heart of mine was singing  
Lover, where can you be?  
You came at last, love had its day  
That day is past, you've gone away

This aching heart of mine is singing  
Lover, come back to me  
When I remember every little thing  
You used to do, I'm so lonely

Every road I walk along  
I walk along with you  
No wonder I am lonely  
The sky is blue, the night is cold  
The moon is new but love is old

And while I'm waiting here  
This heart of mine is singing  
Lover, come back to me  
When I remember every little thing  
You used to do, I grow lonely

Every road I walk along  
I walk along with you  
No wonder I am lonely  
The sky is blue, the night is cold  
The moon is new but love is old

And while I'm waiting here  
This heart of mine is singing  
Lover, come back to me
