Make me rainbows  
Make me spring in the snow  
Make me beautiful music wherever I go

Make me unwind, leave behind rhyme or reason  
Make me a room where I'll bloom out of season

Make me sunsets, paint our names in the sky  
Let your arms be my wings and together we'll fly  
Don't let me fall till I'm all I can be

Make me some rainbows  
Star-spangled rainbows  
Please make those rainbows for me

Make me unwind, leave behind rhyme or reason  
Make me a room where I'll bloom out of season

Make me sunsets, paint our names in the sky  
Let your arms be my wings and together we'll fly  
Don't let me fall till I'm all I can be

Make me some rainbows  
Star-spangled rainbows  
Please make some rainbows for me

Make those rainbows  
Star-spangled rainbows  
Please make some rainbows for me

Make some rainbows  
Star-spangled rainbows  
Please make some rainbows for me
