Hey girl, you're runnin' away from me
I can't give you any more than honesty
I must read like an old love letter
Little girl, it's now or never

We've had some time to learn the rules
I'm so bad at wearing other peoples shoes
I really thought that we could be together
And that's why, its now or never, it's now or never

And like a candle burning
Both ends are melted all through
My hourglass is turning
I can't live this life without you

And I don't care if they say
I'm off my head
'Cause baby when it's now or never
It's now or never

We both know, you called my phone to speak
But I was freakin' so I turned the other cheek
I know now I was less than clever
Little girl, it's now or never

If you could read my troubled mind
If only you could feel my heart beat overtime
I'd make it known on this earth forever
I want you and it's now or never, it's now or never

And like a candle burning
Both ends are melted all through
My hourglass is turning
I can't live this life without you

And I don't care if they say
I'm off my head
'Cause baby when it's now or never
It's now or never, it's now or never

I'm not off my head
I'm not off my head

I'm not off my head
I'm not off my head
